Zadeva: Invitation to TSG 1 for joint project development on MSP for Facility Point Plus

Dear TSG 1 Coordinators.

Within TSG 3 we agreed (at the 8th TSG 3 meeting in Tirana, 19-20 June 2018) that is important to upgrade the project idea of a joint project TSG 3/1 on MSP, already presented in Greece, Heraklion in November 2016. As till now the idea wasn't developed or further discussed we prepared a project concept proposition (attached to this invitation) for submission under Facility point Plus to get funds for further development of the project into a bankable one. To do so, is important a fruitful collaboration of the two Pillars and as we would like your active participation we officially ask you to join the project idea developing process and prepare together the project application for submission under Facility Point Plus.

The project would be also discussed at the Workshop organised by TSG 3: How to progress from mono-pillar towards joint inter-pillar projects on 20.-21.9.2018.

We ask you to share the invitation for joint preparation of the project idea among your members and express your position as soon as possible in order to continue the project developing process.

For any further information we remain at your disposal.

Best regards.

dr. Mitja Bricelj and dr. Senad Oprasic, coordinators TSG 3 EUSAIR
