

EUROPEAN UNION

REPORT ON PILLAR 2 (Transport) State of play and work ahead

Technical Meeting of EUSAIR Pillar Coordinators
Belgrade, 21 October 2019

Key achievements and main outcomes

- **10th TSG 2 meeting in Rome, 11-12 April 2019**
 - **Monitoring the Initial Open List of 43 EUSAIR-labelled Projects + 1 additional project being labelled**
 - **EUSAIR Facility Point Strategic Project: Work Package T.2: Preliminary Discussion on Mono-pillar Issues**
 - **EUSAIR Facility Point Plus :**
 - ADRIONCYCLETOUR (TSG2+TSG4):**the ADRIATIC-IONIAN Cycle Route that consists of a cycling route running along the coast of the entire Adriatic and Ionian basin
 - WAI-TP (TSG1+TSG2)** the Waterborne Adriatic-Ionian Technology Platform.
 - **Proposed Priorities for EU programming period 2021-2027 (Catania Declaration art.6)**

Proposed Priorities for EU programming period 2021-2027 (Art.6 Catania Declaration)

1. Harmonised, environmental-friendly and inclusive maritime transport system in the Adriatic-Ionian Region

- a) Boost transport digitalization promoting e-Maritime and VTMIS solutions to simplify and streamline procedures and processes of maritime and intermodal transport at the regional scale;
- b) Support the implementation of ICT infrastructure at nodes and along logistics chains, as well as systems interoperability in the Adriatic-Ionian region;
- c) Deploy telematic applications to improve safety and security of transport operations.

Proposed Priorities for EU programming period 2021-2027 (Art.6 Catania Declaration)

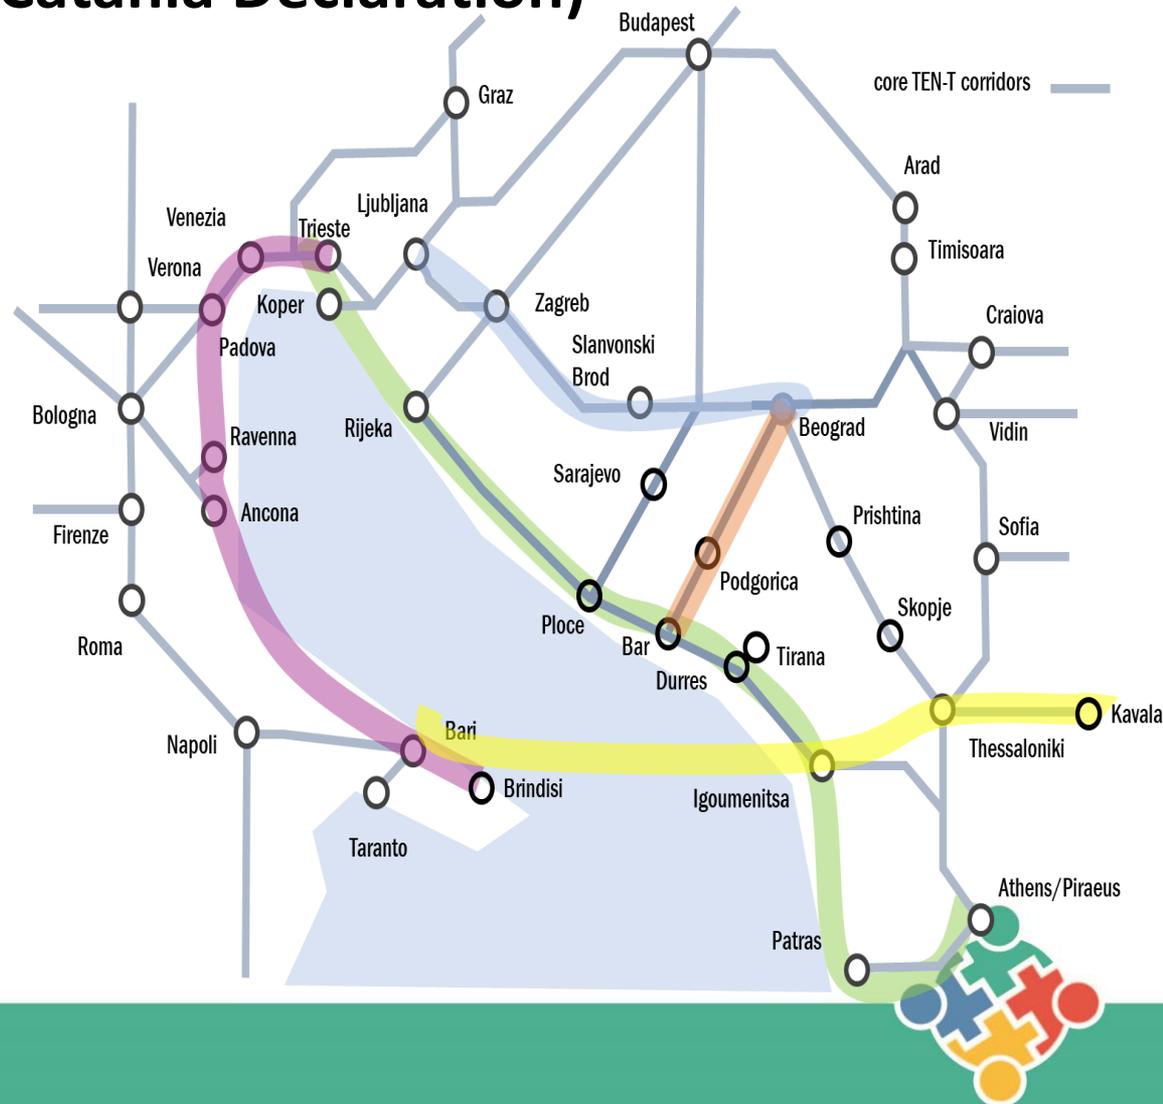

2. Competitive, seamless intermodal connections for freight and passenger transport in the Adriatic-Ionian Region

- a) Reduce infrastructural gaps and improve accessibility across the Adriatic-Ionian region, by means of construction and improvement/upgrading of the TEN-T network, according to the standards foreseen by Reg. (EU) 1315, with particular attention to the coastal areas of the region and the intermodal connections in the ports of the Adriatic Sea.
- b) Facilitate cross-border traffic flows and transport operations in the Adriatic-Ionian region.
- c) Strengthen North-South and East-West physical and digital interconnections between the logistics and urban nodes of the Adriatic-Ionian region to facilitate exchange between, on the one hand, long-distance global and EU flows, on the other hand, regional and local traffic.

Proposed Emblematic Projects for EU programming period 2021-2027 (Art.6 Catania Declaration)

- **Multimodal Adriatic-Ionian Corridors**
- **Motorways of the Sea in the AI Region**
- **Green Ports development**

Key achievements and main outcomes

- 4th EUSAIR Annual Forum, Budva (Montenegro) 7-8 May 2019

Session C : how can EUSAIR contribute to the extension of the TEN-T networks towards south-East Europe: challenges for the EUSAIR Transport Masterplan and future steps.

EUSAIR Facility Point Pillar experts

Work Package T1 : expert engaged for technical assistance to Pillar (March 2019)

Work Package T2 : ToR prepared and shared with the FP IT PP (Sept 2019) to engage two experts for the development of :

- a) **Adriatic Ionian Region Master Plan for Transport Interconnectivity – (AIM-TI - Maritime Dimension)**
- b) **Adriatic Ionian Region Master Plan for Transport Interconnectivity – (AIM-TI - Land and Air Accessibility)**

Work Package T3 : in development

- **2nd ADRION ANNUAL EVENT “*Building Bridges of Cooperation in the Adriatic and Ionian Region*”, 6 May 2019, Budva**
Presentation of the topics for the the third call for proposals for Priority Axis 3 “Connected Region”, targeted on EUSAIR priority actions:

Topic 1) Maritime Transport - Development of joint approaches and instruments in the field of maritime transport, such as a modern ship reporting system in the Adriatic Sea (Common Adriatic-Ionian Vessel Traffic Monitoring and Information System ADRIREP), motorways of the sea and related ITS (Intelligent Transport System)

Topic 2) City transport - Capitalization of technology innovation applied to integrated environmental-friendly and multimodal mobility services/structures addressed to cities and functional urban areas

Communication and Dissemination

- **EUSAIR**
Communication workshop
18 September 2019, Portoroz
(Slovenia)

discussion focus on Pillar 2 Mission and Vision, and other issue on how to communicate the strategy and disseminate the results achieved

PILLAR 2: CONNECTING THE REGION

Mission:

- ★ Contribute to build up one cohesive and connected European Region, sharing actions and solutions for sustainable transport
- ★ Stimulate policy dialogue between decision-makers, industries, universities and the civil society in the Adriatic-Ionian Region

Our Vision is to provide:

- ★ An instrument for policy makers to listen to the needs of territories
- ★ A place where stakeholders' and citizens' mobility needs shape the political vision
- ★ An instrument for creating, testing and adapting solutions to the mobility needs of the Adriatic-Ionian region

Communication and Dissemination

- **European Transport Conference (ETC 2019) 9-11 October 2019, Dublin (Ireland):** presentation of EUSAIR Pillar 2 mission, vision and priority actions; organization of a plenary session with PF IT PP and the Permanent secretariat of the Transport Community Treaty

Plan for Autumn round of meetings (1)

- **11th TSG 2 meeting in Belgrade, 19-20 November 2019**
 - **Monitoring the Initial Open List of EUSAIR-labelled Projects + assessment of additional proposal**
 - **Masterplan development**
 - **Themes for the 5th Annual forum**
 - **EUSAIR Facility Point Strategic Project: Work Package T.3: Preliminary discussion on monitoring**
 - **EUSAIR Facility Point Plus Activity plan : proposals of macro-regional event for 2020**

Plan for Autumn round of meetings (2)

- **Round table focusing on “Intermodal Connections to the Hinterland in the AI Region” , Belgrade 21 November 2019 (tentative)**
 - event to be organised under the umbrella of Serbian presidency to EUSAIR and Adriatic-Ionian Initiative
- **EUSAIR FACILITY PONT Communication event targeted on Pillar 2, Belgrade 4 December 2019 (tentative)**
