09.00–18.00	<p><b>DELAVNICA: »Sporočilo v steklenici: Komuniciranje med izvajalci makroregionalnih strategij« (samo za vabljene)</b></p> <p><i>Med izvajanjem štirih makroregionalnih strategij (MRS) se je pojavila potreba po izboljšanju izmenjave informacij, tako z vidika notranjega komuniciranja (boljša izmenjava informacij znotraj upravljaljskih mehanizmov MRS pa tudi prek MRS) kot zunanjega komuniciranja (širši javnosti zagotoviti ustrezne informacije o rezultatih in ciljih MRS, da se okrepi skupna identiteta, povezana z določeno makroregijo). Predlaga se razvoj stabilnega in dolgoročnega procesa, platformo za komuniciranje, povezano s prihodnjimi aktivnostmi za vzpostavitev zmogljivosti za vse štiri MRS, ali druge ustrezne dejavnosti. Poleg tega namerava delavnica vzpostaviti platformo, ki bo spodbudila in usmerila komunikacijske aktivnosti v okviru vseh MRS in prispevala k medsebojni izmenjavi izkušenj.</i></p> <p>Več informacij na: <a href="http://www.interact-eu.net/events/message-bottle-communication-across-macro-regional-strategies">http://www.interact-eu.net/events/message-bottle-communication-across-macro-regional-strategies</a></p> <p><b>WORKSHOP: »Message in a bottle: Communicating macro-regional strategies« (by invitation only)</b></p> <p><i>Throughout the implementation phase of the four macro-regional strategies (MRS), a need has emerged to enhance their information flows both in terms of internal communication (better exchange of information within the governance mechanisms of MRS and also across MRS) and external communication (to provide the wider public with relevant information about the results and aims of MRS in order to strengthen a common and shared identity related to the respective macro-region). It is proposed to develop a stable and sustainable process/platform for communication in the framework of future capacity building activities for all four MRS, or other relevant activities. Moreover, the workshop intends to establish a platform that will foster and streamline communication activities across MRS and enhance their exchange of experience.</i></p> <p>More information on: <a href="http://www.interact-eu.net/events/message-bottle-communication-across-macro-regional-strategies">http://www.interact-eu.net/events/message-bottle-communication-across-macro-regional-strategies</a></p>	<p>Izola, Trg Etbina Kristana 1</p> <p>//</p> <p>Izola, 1 Etbina Kristan Square</p>	EN
