09:00-18:00	<p>Srečanje ključnih izvajalcev EUSAIR in ESIF/IPA organov upravljanja <i>(samo za vabljene)</i></p> <p><i>Namen srečanja je nadaljevanje dialoga med pristojnimi ESIF/IPA organi upravljanja in ključnimi izvajalci EUSAIR na temo vzpostavljanja sinergij in vključevanja relevantnih EUSAIR prioritet v ESIF/IPA programe. Razprava se bo osredotočala na to, kako vzpostaviti transnacionalno sodelovanje v ESIF/IPA programih, da bo to koristilo Jadransko-jonski makroregiji in njenim zainteresiranim deležnikom. Udeleženci so vabljeni, da razpravljajo, opredelijo in se dogovorijo o konkretnih priložnostih v zvezi z večletnim finančnim okvirom po letu 2020, pri čemer upoštevajo izkušnje pridobljene v okviru EUSBSR. Razprava se bo osredotočala na praktične pomisleke o tem, kako vzpostaviti, olajšati in povečati sodelovanje v Jadransko-jonski makroregiji. Dogodek je praktične in tehnične narave.</i></p> <p>Meeting among EUSAIR key implementers and ESIF/IPA Programme Authorities <i>(by invitation only)</i></p> <p><i>The meeting aims to continue a dialogue between ESIF/IPA Programme Authorities and key implementers of the EUSAIR on how to build synergies and embed relevant EUSAIR priorities in the ESIF/IPA programmes. The discussion will be focused on how to establish transnational cooperation in the ESIF/IPA programmes for the benefit of the macro-region and for its stakeholders. Participants are invited to discuss, identify and agree on concrete opportunities in relation to post-2020 multiannual financial framework, taking into account the embedding experiences from the fellow EUSBSR colleagues. The discussion will focus on practical concerns on how to establish, facilitate and increase cooperation in the Adriatic-Ionian macro-region. The event is of a practical and technical nature.</i></p>	<p>Portorož, Hotel Bernardin</p> <p style="text-align: center;">//</p> <p>Portorož, Hotel Bernardin</p>	EN

09:00-18:00	<p>DELAVNICA: Komunikacijska delavnica za EUSAIR <i>(samo za vabljene)</i></p> <p><i>Cilj delavnice je okrepiti zmogljivosti upravljaljskih struktur EUSAIR in izmenjati izkušnje in znanja med omenjenimi strukturami, zunanji strokovnjaki in zainteresiranimi deležniki. Namen delavnice je prispevati k boljšemu razumevanju izzivov / potreb / želja / zmožnosti pri izvajanju komunikacije EUSAIR na strateški in izvedbeni ravni. Pričakuje se, da bodo ob koncu delavnice udeleženci opremljeni z veščinami za soočanje s komunikacijskimi izzivi ter da bodo uspeli prepoznati dobre zgodbe in znali izkoristiti komunikacijske priložnosti v Jadransko-jonski makroregiji, upoštevaje svojstveno naravo strategije in njenih tematskih področij. Delavnica je namenjena strategiji EUSAIR in jo organizira Služba Vlade RS za razvoj in evropsko kohezijsko politiko, ki koordinira strateški projekt EUSAIR Facility Point.</i></p> <p>WORKSHOP: EUSAIR Communication workshop <i>(by invitation only)</i></p> <p><i>The objective of a tailor-made workshop, organized by the EUSAIR Facility Point Lead Partner, is to reinforce the capacities of the EUSAIR governance structures and facilitate the exchange of experience and expertise between the aforementioned governance structures, external experts and relevant key stakeholders. The workshop aims to contribute to a better understanding what are the challenges/ needs/ wants/ capabilities in terms of strategic and operational aspects of the EUSAIR communication. Participants are expected to get equipped with knowledge and skills to minimize the risks, identify good stories and take advantage of communication opportunities in the Adriatic-Ionian macro-region, following a build-to-suit approach in line with their area of expertise. The workshop is aimed at the EUSAIR strategy and is organized by the Government Office for Development and European Cohesion Policy, acting as a coordinator of the EUSAIR Facility Point strategic project.</i></p>	<p>Portorož, Hotel Bernardin</p> <p>//</p> <p>Portorož, Hotel Bernardin</p>	<p>EN</p>

9:00-17:15	<p>DELAVNICA: Komuniciranje makroregionalnih strategij</p> <p><i>EU makroregionalne strategije (MRS/Strategije) so integriran okvir, ki naslavlja družbene in ekološke izzive širšega območja. MRS Strategije prispevajo h koordinaciji razvoja in implementaciji evropskih politik. Da bi se zagotovila večja učinkovitost izvajanja MRS, so potrebni nadaljnji naporji za izboljšanje komunikacije makroregionalnih dosežkov in njihove dodane vrednosti. Kako naslavljati in upravljati komunikacijo o MRS? Kako naj postane učinkovita glede na omejene vire? Kako najbolje nasloviti potrebo po nadaljnjih prizadevanjih za izboljšanje notranje in zunanje komunikacije preko MRS, kar je bilo poudarjeno v nedavnih sklepih Sveta o izvajanju makroregionalnih strategij EU. Cilj drugega srečanja komunikacijskih strokovnjakov za makroregionalne strategije, je izmenjati izkušnje in poglede na zastavljena vprašanja. Delavnica bo omogočila tudi vpogled v praktična komunikacijska orodja, ki jih je mogoče uporabiti za bolj nazorni prikaz dela in aktivnosti, ki jih izvajajo makroregionalne strategije. Delavnica je namenjena vsem štirim makroregionalnim strategijam: EUSAIR, EUSALP, EUSDR, EUSBSR in jo organizira Program Interact.</i></p> <p>Registracije na povezavi: http://www.interact-eu.net/#o=events/how-communicate-macro-regional-strategies-0</p> <p>WORKSHOP: How to communicate macro-regional strategies</p> <p><i>EU macro-regional strategies (MRS/Strategy), as integrated frameworks, address societal and ecological challenges shared within a wider territory. The Strategy can help towards coordinated development and implementation of EU policies. Further efforts are needed for better communication of the MRS achievements and value added. How to address and manage communication about MRS? How to make it efficient using limited available resources? How to best address the call for further efforts to improve the internal and external communication across MRS stressed in the recent Council Conclusions on the implementation of EU Macro-Regional Strategies. The aim of the second MRS communication managers meeting is to exchange experiences and views on these questions. The workshop will also look into practical communication tools that can be used to make MRS better understood. The workshop is addressing all four macro-regional strategies: EUSAIR, EUSALP, EUSDR, EUSBSR and is organized by the Interact programme.</i></p> <p>Link to the registration: http://www.interact-eu.net/#o=events/how-communicate-macro-regional-strategies-0</p>	<p>Izola, Trg Etbina Kristana 1</p> <p>//</p> <p>Izola, Trg Etbina Kristana 1</p>	EN

13:00-18:00	<p>Zelena infrastruktura za zeleno prihodnost (Predstavitev aktivnosti s področja načrtovanja in upravljanja ZI; EUSALP AS7, ZRSVN in MOP) <i>(obvezna ločena registracija)</i></p> <p><i>Zelena infrastruktura je tema, ki je vse pogosteje omenjena tako med strokovno javnostjo kot tudi v medijih. O čem pravzaprav govorimo? Kaj je zelena infrastruktura (v nadaljevanju ZI)? Je to še ena 'zelena floskula' ali pa nam aktivnosti na tem področju resnično prinašajo rešitve v smeri bolj zelene, torej trajnostno naravnane družbe, ki gradi na omejeni nosilni sposobnosti okolja ter spoštovanju narave? Predstavniki različnih organizacij ter izvajalci projektov iz programov mednarodnega sodelovanja bodo predstavili izkušnje in prakso načrtovanja in upravljanja z ZI ter kako aktivnosti s področja ZI prispevajo k ohranjanju biodiverzitete, kot temelja zelene infrastrukture. Dogodek je namenjen splošni in strokovni javnosti. Izveden bo pod okriljem Strategije EU za alpsko regijo (EUSALP) ter njene akcijske skupine za ekološko povezanost, s podporo projekta AlpGov, v organizaciji Zavoda RS za varstvo narave in Ministrstva RS za okolje in prostor.</i></p> <p>Green infrastructure 4 Green future (Presentation of activities in the field of GI planning and management; EUSALP AG7, Institute of RS for Nature Conservation and RS Ministry of the Environment and Spatial planning) <i>(separate registration required)</i></p> <p><i>Green infrastructure is a topic that is increasingly mentioned by the professionals and the media. What are we actually talking about? What is Green Infrastructure (hereinafter GI)? Is it yet another "green flicker" or the activities in this area really bring solutions towards a greener, sustainable society that builds on limited carrying capacity of the environment and respect for nature? Representatives of various organizations and project implementers from cross-border and transnational cooperation programs will present experiences and practice of planning and managing GI and how GI activities contribute to the conservation of biodiversity, as the core element of green infrastructure. The event is intended for general and professional public. It will be implemented within EU Strategy for the Alpine Region (EUSALP) and its Action group for ecological connectivity, supported by the AlpGov project, organized by the Institute of the Republic of Slovenia for Nature Conservation and the Ministry of the Republic of Slovenia for the Environment and Spatial Planning.</i></p>	<p>Koper, Naravni rezervat Škocjanski zatok</p> <p>//</p> <p>Koper, Nature reserve Škocjanski zatok</p>	SI / EN
15:00-18:00	<p>Perspektive trajnostne mobilnosti v slovenski Istri</p> <p>Krepitev ozaveščanja možnost nadgradnje trajnostne mobilnosti v Slovenski Istri. V okviru predstavitev bodo prikazane posamezne prometne strategije, s poudarkom na širšem funkcionalnem območju. Poleg izvedbe strategij pa bo predstavljeno tudi konkretno iskanje možnih projektnih rešitev, ki operativno služijo nadzoru in varnosti v okviru prometno - informacijskega centra. Okrogla miza bo vse deležnike spodbudila k aktivnemu iskanju načinov, kako učinkoviteje in boljše načrtovati segment mobilnosti v občinskih prostorskih načrtih za potrebe samih prebivalcev in tudi turističnih tokov.</p> <p>Perspectives of sustainable mobility in Slovene Istria</p> <p><i>Raising and strengthening awareness of the possibilities for upgrading sustainable mobility in Slovenian Istria. The presentation will display different transport strategies, mainly focused on the wider functional area. In addition to the implementation of strategies, a concrete search for possible project solutions will also be presented, which serve as supervision for control and safety within the traffic-information center. The round table will encourage all stakeholders to actively identify ways for an efficiently planning of traffic mobility in the municipal spatial plans according to the needs of the inhabitants and tourist flows.</i></p>	<p>Koper, Pretorska palača, Titov trg 3</p> <p>//</p> <p>Koper, Praetorian Palace, Titov Square 3</p>	SI / EN
