Towards the green recovery

EU response to the coronavirus pandemic in the Western Balkans

April 2020
#Coronavirus

Overview of the EU support package

The EU is mobilising a package of **over €410 million** in reallocated bilateral financial assistance to support the Western Balkans during the coronavirus emergency.

€38 million

of immediate funding, mostly implemented through UN agencies, to address the most pressing medical equipment and protection needs.

€374 million

in short to medium term assistance to support the social and economic recovery of the region.

Ensuring the flow of essential goods, expanding Green Lanes within the region.

BOSNIA AND HERZEGOVINA
€7 million of immediate support for the health sector
€73.5 million of support for the social and economic recovery

MONTENEGRO
€3 million of immediate support for the health sector
€50 million of support for the social and economic recovery

ALBANIA
€4 million of immediate support for the health sector
€46.7 million of support for the social and economic recovery

SERBIA
€15 million of immediate support for the health sector
€78.4 million of support for the social and economic recovery

KOSOVO*
€5 million of immediate support for the health sector
€63 million of support for the social and economic recovery

NORTH MACEDONIA
€4 million of immediate support for the health sector
€62 of support for the social and economic recovery

* This designation is without prejudice to positions on status, and is in line with UNSCR 1244/1999 and the ICJ Opinion on the Kosovo declaration of independence

From linear to circular economy

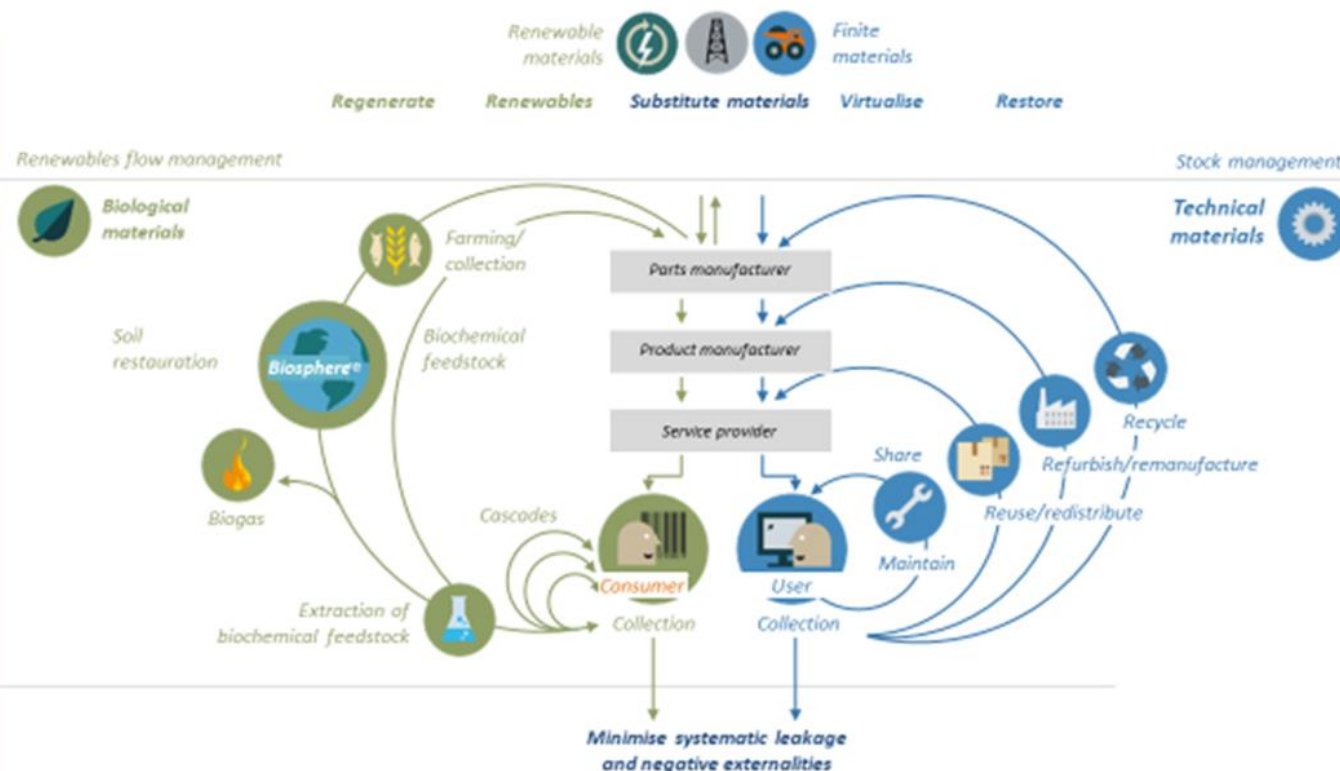

OUTLINE OF A CIRCULAR ECONOMY SYSTEM

Principles

1 Preserve and enhance natural capital by controlling finite stocks and balancing renewable resource flows

2 Optimise resource yields by circulating products, components and materials in use at the highest utility at all times in both technical and biological cycles

3 Foster system effectiveness by revealing and designing out negative externalities

There comes a point where we need to stop just pulling people out of the river. We need to go upstream and find out why they're falling in.
