## CFLI – Consortium of Intermodal Logistics Training - Venice

Established in 1993, CFLI is entrusted with the promotion and the management of activities regarding re-skilling and up-skilling of workers in PORT, LOGISTICS and INTERMODAL sectors.

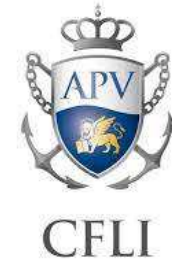

The current shareholding structure of the Consortium is composed by:

- North Adriatic Sea Port Authority – Port of Venice and Chioggia
- Venice Maritime School

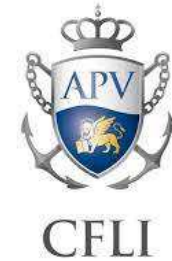

## Digitalization impact and new trends on Human Resources skills

- Hybridization of skills: old skills mixed with new Technologies skills
- International Port players require more complete and complex skills;
- Soft skills are crucial;

## Digitalization impact and new trends on Training and education

- More structured basic training;
- Port training should start at high school and post high school levels (IV e V Eqf level);
- “Life long Up-skilling”

## What more?

- Knowledge about port sector and its job opportunities;

## How?

- Students and families should meet port operators;
- Educational guidance at school for students.
- Not only porters but also port professionals;
