INFO NOTE

EUSAIR STAKEHOLDERS CONFERENCE 2021

RE-ROUTING TOURISM AIMING AT SUSTAINABLE GREEN MACROREGION

25TH November 2021 (on-line conference)

from 9:00 to 16:30 on 25th November 2021.

Dear EUSAIR Stakeholders,

On behalf of the Ministry of Tourism and Sports of the Croatian Republic, we would like to inform you that due to the current epidemiological situation in Croatia we have decided to organize our EUSAIR Stakeholders Conference online. Our first priority is to assure the highest level of health safety for our guests.

For the reason set out above, we decided to adapt the format of the **Conference to an entirely virtual event**.

Conference will bring together EUSAIR Member State authorities in charge of tourism, representatives of tourism industry and destinations, international tourism organisations and EU institutions to debate ways to provide effective support to the green and digital transition of the European tourism. Conference will also be an opportunity to share best practices and to raise awareness and encourage better visibility of the priorities and objectives of the EUSAIR strategy among all stakeholders in general, and especially in the field of sustainable tourism and culture. It is intended to involve stakeholders in active participation in EUSAIR, with their valuable experiences and other contributions, encouraging partnerships for future activities.

Conference will include three sessions:

- Sustainable management of cultural routes in EUSAIR

- Overtourism and recovery, trends and perspectives
- EUSAIR action plan revision – first insights
