TSG 3 EUSAIR achievements in the implementation of the ICZM&MSP TSG3 FLAGSHIP

Iztok Škerlič

TSG3 FLAGSHIPS www.adriatic-ionician.eu

ICZM/MSP - To promote a sustainable growth of the AI region by implementing ICZM and MSP also to contribute CRF on ICZM of Barcelona convention	January 2019	March 2021
PET HAB ECO - Protection and enhancement of natural terrestrial habitats and ecosystems.	January 2019	December 2022
3MPS - Monitoring and management of marine protected species	January 2019	June 2020
ASOSCoP - (Large-scale pollution contingency plan). Adriatic/Ionian Sub/regional Oil spill contingency plan	January 2019	March 2020

ICZM&MSP - razvoj trajnostnega upravljanja obalnih in morskih območij
ICZM&MSP - sviluppo sostenibile delle zone costiere e marittime
ICZM&MSP - sustainable development of the coastal and maritime zones

Spodbujanje trajnostne rasti jedrnatko-jonske regije in implementacija ICZM - integrativnega upravljanja obalnih območij ter MSP - pomorskega prostorskega načrtovanja kot priložnosti k skupnemu regionalnemu načrtovanju ICZM po Barcelonski konvenciji. Projekt je bil razvil v okviru sklene Kohezijske strategije EU za jedrnatko-jonsko regijo (EUSAR).

Intensificazione dello crescita sostenibile della Regione adriatico-ioniana affidando la GIC - Gestione Integrata delle Zone Costiere e la PMA - Pianificazione Marina e Marina, contribuendo così alla pianificazione regionale congiunta della GIC in seno della Convenzione di Barcellona. Il progetto è stato concepito e sviluppato nell'ambito del piano Quadro unitario della Strategia UE per la Macroregione adriatico-ioniana EUSAR.

Enhancing the sustainable growth of the Adriatic-Ionian Region by implementing ICZM - Integrated Coastal Zone Management and MSP - Maritime Spatial Planning, thereby contributing to the ICZM joint regional planning under the Barcelona Convention. The project was designed within the Environmental Quality pillar of the European Adriatic-Ionian Macro-Regional Strategy EUSAR.

Identificata l'area di azione per la revisione dell'implementazione dei concetti ICZM&MSP. Identified a pilot area in order to carry out a review of the implementation of ICZM & MSP concepts.

1. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

2. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

3. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

4. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

5. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

6. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

7. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

8. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

9. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

10. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

11. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

12. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

13. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

14. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

15. Strategie sostenibili per lo sviluppo sostenibile delle zone costiere e marittime. Sustainable strategies for the sustainable development of coastal and maritime zones.

3MPS - Monitoring in upravljanje zaščitenih morskih vrst
3MPS - Monitoraggio e gestione della specie marine protette
3MPS - Monitoring and management of marine protected species

Projekt je bil razvil v okviru sklene Kohezijske strategije EU za jedrnatko-jonsko regijo (EUSAR). Projekt je bil razvil v okviru sklene Kohezijske strategije EU za jedrnatko-jonsko regijo (EUSAR).

Il progetto è stato concepito e sviluppato nell'ambito della Strategia UE per la Macroregione adriatico-ioniana EUSAR, per promuovere la protezione delle specie marine protette e il rispetto dell'ambiente e dello sviluppo sostenibile.

The project concept was developed within the Environmental Quality pillar of the European Adriatic-Ionian Macro-Regional Strategy EUSAR. Il progetto è stato concepito e sviluppato nell'ambito della Strategia UE per la Macroregione adriatico-ioniana EUSAR.

Enhancing the protection and management of marine protected species from pollution and the impact of human activities within the region.

Vpostavljena mreža za spremljanje zaščitenih morskih vrst. Established a monitoring network for protected marine species.

Creatura di una rete di monitoraggio delle specie marine protette. Establishment of a monitoring network for protected marine species.

7. Mreža za spremljanje zaščitenih morskih vrst. Monitoring network for protected marine species.

8. Mreža za spremljanje zaščitenih morskih vrst. Monitoring network for protected marine species.

9. Mreža za spremljanje zaščitenih morskih vrst. Monitoring network for protected marine species.

10. Mreža za spremljanje zaščitenih morskih vrst. Monitoring network for protected marine species.

11. Mreža za spremljanje zaščitenih morskih vrst. Monitoring network for protected marine species.

12. Mreža za spremljanje zaščitenih morskih vrst. Monitoring network for protected marine species.

13. Mreža za spremljanje zaščitenih morskih vrst. Monitoring network for protected marine species.

14. Mreža za spremljanje zaščitenih morskih vrst. Monitoring network for protected marine species.

15. Mreža za spremljanje zaščitenih morskih vrst. Monitoring network for protected marine species.

PET HAB ECO - ravnanje in povečanje naravnih habitatov in ekosistemov na kopnem
PET HAB ECO - protezione e potenziamento degli habitat naturali e degli ecosistemi terrestri
PET HAB ECO - protection and enhancement of natural habitats and terrestrial ecosystems

Časopisni načrt uspešnega in povečanja naravnih habitatov in ekosistemov na kopnem. Vstopajoči bo zelen koridor, da bi zagotovili izboljšanje in ohranjanje naravnih habitatov in ekosistemov s posebno pozornostjo med drugim (morski) in adriatični koridorj, saj sta jedrnatko-jonske regije (EUSAR).

Il progetto è stato concepito e sviluppato nell'ambito della Strategia UE per la Macroregione adriatico-ioniana EUSAR, per promuovere la protezione degli habitat naturali e degli ecosistemi terrestri, con un collegamento specifico tra i due mari (Mediterraneo e Adriatico).

The project concept was developed within the Environmental Quality pillar of the European Adriatic-Ionian Macro-Regional Strategy EUSAR. Il progetto è stato concepito e sviluppato nell'ambito della Strategia UE per la Macroregione adriatico-ioniana EUSAR.

Enhancing the protection and management of natural habitats and ecosystems with a specific connection among the Adriatic and the Ionian.

Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

1. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

2. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

3. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

4. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

5. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

6. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

7. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

8. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

9. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

10. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

11. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

12. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

13. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

14. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

15. Identificati habitat naturali e ecosistemi terrestri. Identified natural habitats and terrestrial ecosystems.

ASOSCoP - mednarodni načrt za odziv v sili v primeru nesreče na morju
ASOSCoP - piano di emergenza transnazionale in caso di incidenti in mare
ASOSCoP - transnational contingency plan in the event of accidents at sea

Jedrnatko-jonski regionalni akcijski načrt ob izrednem razlujanju nafte v jedrnatkem morju. Načrt bi lahko preprečil možnost naravne katastrofe v primeru razlivanja nafte in drugih podobnih nesreč. Projekt je bil razvil v okviru sklene Kohezijske strategije EU za jedrnatko-jonsko regijo (EUSAR).

Il piano di emergenza regionale adriatico-ioniana per i casi di versamento di petrolio nel mare Adriatico. Il piano potrebbe prevenire la possibilità di disastri naturali in seguito a fuoriuscite di petrolio e ad altre simili catastrofi. Il progetto è stato concepito e sviluppato nell'ambito della Strategia UE per la Macroregione adriatico-ioniana EUSAR.

Adriatic-Ionian Regional Contingency Plan for the Emergency Oil Spills in the Adriatic Sea. The contingency plan could prevent the possibility of a natural disaster in cases of oil spills and other similar calamities. The project concept was developed within the Environmental Quality pillar of the European Adriatic-Ionian Macro-Regional Strategy EUSAR.

Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

1. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

2. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

3. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

4. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

5. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

6. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

7. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

8. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

9. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

10. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

11. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

12. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

13. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

14. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

15. Operativni operativni postopki za usklajen odziv v sili v primeru nesreče. Operational procedures laid down for a coordinated emergency response in the event of an accident.

ICZM/MSP (1/2)

- **January 2019**
 - members of TSG3 started the development of the project
- **February 2019**
 - meeting **with PAP/RAC** and presentation of project concept at TSG meeting
- **March 2019**
 - revision of project concepts at TSG3 meeting
- **May 2019**
 - presentation of topics that are important for the project concept idea at the 4th EUSAIR forum
- **July 2019**
 - Sent Annex 2 for external experts to TSG 3 coordinators for revision
 - Invitation to tender for the project idea development was carried out.

ICZM/MSP (2/2)

- **August 2019**
 - Filled and ready Annex 1
- **September 2019**
 - discussion dedicated to the project concept idea at the [TSG3 workshop \(TSO 2019\)](#)
- **October – November 2019**
 - First draft of the project presented to coordinators and members of TSG3.
- **January 2020**
 - Preparation of the second draft of the project
- **March 2020**
 - The project draft was presented to TSG3 members, who also approved it.
- **March 2021**
 - The project concept was ready for submission at any CALL (Template Interreg ADRION)

PET HAB ECO (1/2)

- **December 2019**
 - Presentation of the project concept at the [All Roundtable in Belgrade](#) on “Development of joint management plans for cross-border habitats and ecosystems with particular reference to the large carnivores“
- **January 2019**
 - members of TSG3 started the development of the project
- **February 2019**
 - Presentation of the TGS 3 work - project concept development - at GB and PC meeting
- **March 2019**
 - Revision of project concepts at TSG3 meeting
- **August 2019**
 - Filled and ready Annex 1
- **November 2019**
 - TSG 3 meeting - further discussion of project development and Annex 2 was prepared.

PET HAB ECO (2/2)

- **January 2022**
 - invitation to tender for the project idea development was carried out.
- **May 2022**
 - First draft of project concept idea sent to TSG 3 coordinators
- **September 2022**
 - Project proposal presented and discussed at the **workshop** How to progress from TSG 3 Flagships towards EUSAIR macro-regional projects in the Multiannual Financial Framework (MFF).
- **March 2023**
 - A report on the state of the art was presented at the TSG3 meeting in Bologna.
 - The project concept was ready for submission at any CALL (Template Interreg ADRION)
- **June 2023**
 - Applied project to Interreg Adrion.

3MPS

- **January 2019**
 - members of TSG3 started the development of the project.
- **February 2019**
 - Presentation of the TGS 3 work - project concept development - at GB and PC meeting
- **March 2019**
 - TSG 3 meeting - revision of project concepts and further development process steps
- **April 2019**
 - Request for fulfilment of the - Annex 1
- **November 2019**
 - Request for fulfilment of the - Annex 2
- **December 2019**
 - invitation to tender for the project idea development was carried out.
- **June 2020**
 - The project **concept is ready.**
- **October 2021**
 - Submitted the project proposal LIFE21-NAT-SI-LIFE NOAH to Life programme Call

ASOSCoP (1/2)

- **January 2019**
 - members of TSG3 started the development of the project.
- **February 2019**
 - Presentation of the TGS 3 work - project concept development - at GB and PC meeting
- **March 2019**
 - TSG 3 meeting - revision of project concepts and further development process steps
- **August 2019**
 - Request for fulfilment of the - Annex 1
- **November 2019**
 - Request for fulfilment of the - Annex 2
- **January 2020**
 - invitation to tender for the project idea development was carried out.
- **March 2020**
 - Presentation of the project proposal at the 12th TSG 3 meeting in Belgrade, Serbia
 - **The project concept is ready.**

ASOSCoP (2/2)

- **January 2019**
 - members of TSG3 started the development of the project.
- **February 2019**
 - Presentation of the TGS 3 work - project concept development - **at GB and PC meeting**
- **March 2019**
 - TSG 3 meeting - revision of project concepts and further development process steps
- **August 2019**
 - Request for fulfilment of the - Annex 1
- **November 2019**
 - Request for fulfilment of the - Annex 2
- **January 2020**
 - invitation to tender for the project idea development was carried out.
- **March 2020**
 - Presentation of the project proposal at the 12th TSG 3 meeting in Belgrade, Serbia
 - **The project concept is ready.**

FOREST READAPT

Renewal of the adaptation of coppiced oak forests in a drastically changing environment

Project implements PET HAB ECO flagship.

- **December 2020**
 - Idea presented to TSG3 members, Annex 1 was adopted
- **March 2022**
 - Conclusion of evaluation of Annex 1
- **September 2022**
 - Prepared Annex 2
- **May 2023**
 - Dr Evangelia Avramidou presented the project "A holistic approach for secure resilient terrestrial and coastal ecosystems". The project is in compliance with the EUSAIR Flagships.
- **August 2023**
 - Invitation to tender for the project idea development was carried out.
 - We combined the project idea with SEC-DIV-CONIFERS.

SEC-DIV-CONIFERS

Secure diversity through a holistic approach on for the most threatened Mediterranean conifer ecosystems: combining genetic, physiology, biodiversity indexes, germination and restoration

Project implements PET HAB ECO flagship.

- **December 2020**
 - Idea presented to TSG3 members, Annex 1 was adopted
- **March 2022**
 - Conclusion of evaluation of Annex 1
- **September 2022**
 - Prepared Annex 2
- **August 2023**
 - Invitation to tender for the project idea development was carried out.
 - We combined the project idea with FOREST READAPT.

BIO-SHELTERS

Botanical Gardens as Biodiversity Shelters and Nurseries

Project implements PET HAB ECO flagship.

- **March 2021**
 - Idea presented to TSG3 members, Annex 1 was adopted.
- **March 2022**
 - Conclusion of evaluation of Annex 1
- **September 2022**
 - Prepared Annex 2.

COSFI MAR

Towards the long-term in-situ conservation, sustainable fisheries and improving the marine environments in the Adriatic-Ionian region

Project implements the 3MPS flagship.

- **July 2019**
 - Idea presented to TSG3 members, Annex 1 was adopted.
- **March 2023**
 - Invitation to tender for the project idea development was carried out.
- **July 2023**
 - The project concept is ready.

CROSSPILLAR ICZM&MSP

Using high quality research to strengthen dialogues and institutional capacities for effective implementation of MSP/ICZM in support of inclusive and sustainable growth in the AIR

The project is being developed under TSG 1 and TSG3

- **January 2019**
 - written procedure of TSG 1 for approval of inter-pillar TSG 1/3 project MSP/ICZM to be further submitted under FP+ call
- **August 2019**
 - Administrative approval of TSG 1/3 cross-pillar project concept Idea and TSG 3/4 Cross-pillar concept idea
- **May 2022**
 - Invitation to tender for the project idea development was carried out.

CROSSPILLAR ICZM&MSP

Using high quality research to strengthen dialogues and institutional capacities for effective implementation of MSP/ICZM in support of inclusive and sustainable growth in the AIR

The project is being developed under TSG 1 and TSG3

- **November 2022**
 - Martina Bocci, external expert of Municipality of Izola, presented the state of the art of the development of the TSG3 –TSG1 Inter-pillar project proposal on ICZM&MSP
- **December 2022**
 - Steering Group members were informed about the state of art of the project modification request
- **May 2023**
 - A TSG1 – TSG3 joint inter-pillar project on MSP&ICZM was presented to TSG1 and TSG3 members at the 8th eusair forum in Sarajevo.

ADRIONet

Managing Tourism Flows in Protected Areas

The project is being developed under TSG 3 and TSG4

- **September 2019**
 - presentation of the TSG 3/4 interpillar concept idea ADRIONET at the TSG 3/ 4 joint conference: Evaluation and preservation of the Environment for Tourism
- **December 2022**
 - Steering Group members were informed about the state of art of the project modification request
- **September 2023**
 - The AdrionNet concept project is prepered. It is ready to present to stakeholders from pillars 3 and 4.

„ASOSCOPI“ TSG 3 EUSAIR FLAGSHIP IMPLEMENTED BY THE NAMIRS PROJECT: The North Adriatic Maritime Incident Response System

Meeting among EUSAIR Potential partners on 16/03/2023
to expand the project to the South Adriatic in Ionian Sea!
Within Interreg ADRION 21-27 new calls.

INTERREG project implementing FLAGSHIPS submitted to last ADRION CALL

- ICZM&MSP – Interreg ADRION – Project „Strengthen cooperation to support the development of trans-boundary marine protected areas in the Adriatic Ionian Region.“ with the acronym **TETI**
- PETHAB ECO – INTERREG ADRION – Project „Strengthening cooperation to address socio-environmental challenges of EUSAIR flagship PET HAB ECO“ with the acronym **4PETHABECO**.
- LIVIN THE SEA (FLAGSHIP OF TSG4) – INTERREG ADRION – Project „Virtual and augmented reality for the promotion of ESG approaches“ - with the acronym **ICTFORESG**

THANK YOU FOR YOUR ATTENTION!

Mitja Bricelj, TSG3 coordinator, Slovenia
Senad Oprašić, TSG3 coordinator, Bosnia and Herzegovina
Iztok Škerlič, EUSAIR FP project partner, Slovenia

Municipality of Izola, project partner EUSAIR Facility Point
