

## TEDEN SREDOZEMSKO OBALE IN MAKROREGIONALNIH STRATEGIJ

Izola, Slovenija  
15. – 17. september 2026

## MEDITERRANEAN COAST AND MACRO-REGIONAL STRATEGIES WEEK

Izola, Slovenia  
15 – 17 September 2026

Interreg  Co-funded by  
the European Union  
IPA ADRIION

FACILITYPOINT

Strategic project EUSAIR FACILITY POINT is co-funded by the European Union through the Interreg IPA ADRIION Programme 2021-2027.

**TEDEN SREDOZEMSKKE OBALE  
IN MAKROREGIONALNIH  
STRATEGIJ**

Izola, Slovenija  
15. – 17. september 2026

**MEDITERRANEAN COAST  
AND MACRO-REGIONAL  
STRATEGIES WEEK**

Izola, Slovenia  
15 – 17 September 2026

# *Green Living Areas in Action: Practical Solutions for Local Authorities from Interreg Euro Med projects*

Strategic project EUSAIR FACILITY POINT is co-funded by the European Union through the Interreg IPA ADRION Programme 2021-2027.

Session title:

*Green Living Areas in Action: Practical Solutions for Local Authorities  
from Interreg Euro Med projects*

**TEDEN SREDOZEMSKO OBALE  
IN MAKROREGIONALNIH  
STRATEGIJ**

Izola, Slovenija  
15. – 17. september 2026

**MEDITERRANEAN COAST  
AND MACRO-REGIONAL  
STRATEGIES WEEK**

Izola, Slovenia  
15 – 17 September 2026

**MODERATED BY**

**Danilo Čeh**

Scientific Research Centre Bistra Ptuj  
(leader of Green Living Areas Community  
of Interreg Euro-MED)

**PANELIST**

**Albert Cozzi**

Port Network Authority of the Eastern  
Adriatic Sea – Port of Trieste -Italy  
(RENEWPORT- RES toolkit for MED ports)

**PANELIST**

**Francesco Filippi**

MUSOL Foundation-Spain (LOGREENER  
toolkit for local authorities to plan and  
deploy the sustainable energy transition)

**PANELIST**

**Hrvoje Maras**

North-West Croatia Regional Energy and  
Climate Agency – Croatia (INFIRE-Innovative  
Financing solutions for climate planning of  
Resilient and carbon neutral living areas)

**PANELIST**

**Valter Suban**

Faculty of Maritime Studies  
and Transport

# Project LOGREENER

## COMPOSE+PRISMI+LOCAL4GREEN (Interreg MED 2014-20)=TOOLKIT FOR LOCAL ENERGY TRANSITION

### COMPOSE

Platform to access tools and  
resources to foster more  
efficient implementation of  
energy planning

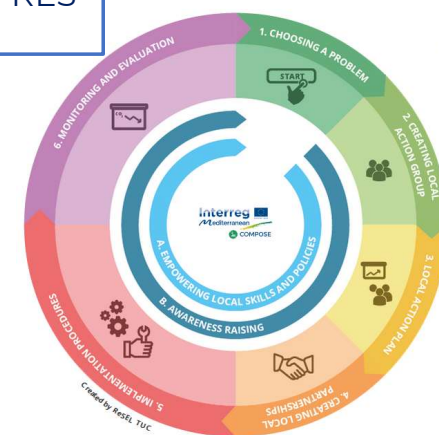

### PRISMI

Toolbox to identify the most  
promising RES to be exploited  
in each territory and to collect  
the data for energy planning

### LOCAL4GREEN

Tools to design and  
implement innovative local  
fiscal policies to promote RES

Integral toolkit to  
support Local  
Authorities to plan  
local energy transition

LOGREENER

Interreg  
Euro-MED

Co-funded by  
the European Union

# RENEWPORT

## Harnessing RENEWable energy potential for clean energy transition of MED PORTs

RENEWPORT supports the clean energy transition of Mediterranean ports by helping them exploit their untapped renewable energy potential.

### **Our solution: the RENEWPORT RES Toolkit**

A free web-based and GIS-based tool designed to support the preliminary planning of renewable energy installations in port areas.

The Toolkit allows ports to:

- select potential installation areas directly on a map
- assess photovoltaic and wind energy potential at specific locations
- consider geographical and technical parameters of the selected site
- estimate potentially installable capacity and expected energy production
- compare different locations and technical configurations
- obtain numerical and graphical results to support renewable energy planning.

***From port area to renewable energy potential: a practical tool for planning the clean energy transition.***

# INFIRE project

## INFIRE – Innovative Financing for the Green Transition

- **Supporting public authorities in assessing green investments (climate adaptation and climate neutrality)** through financial and economic evaluation tools and capacity building.
- **Mobilising innovative financing** to turn sustainable energy and climate projects into viable, investment-ready projects.

### The Evaluation Toolkit

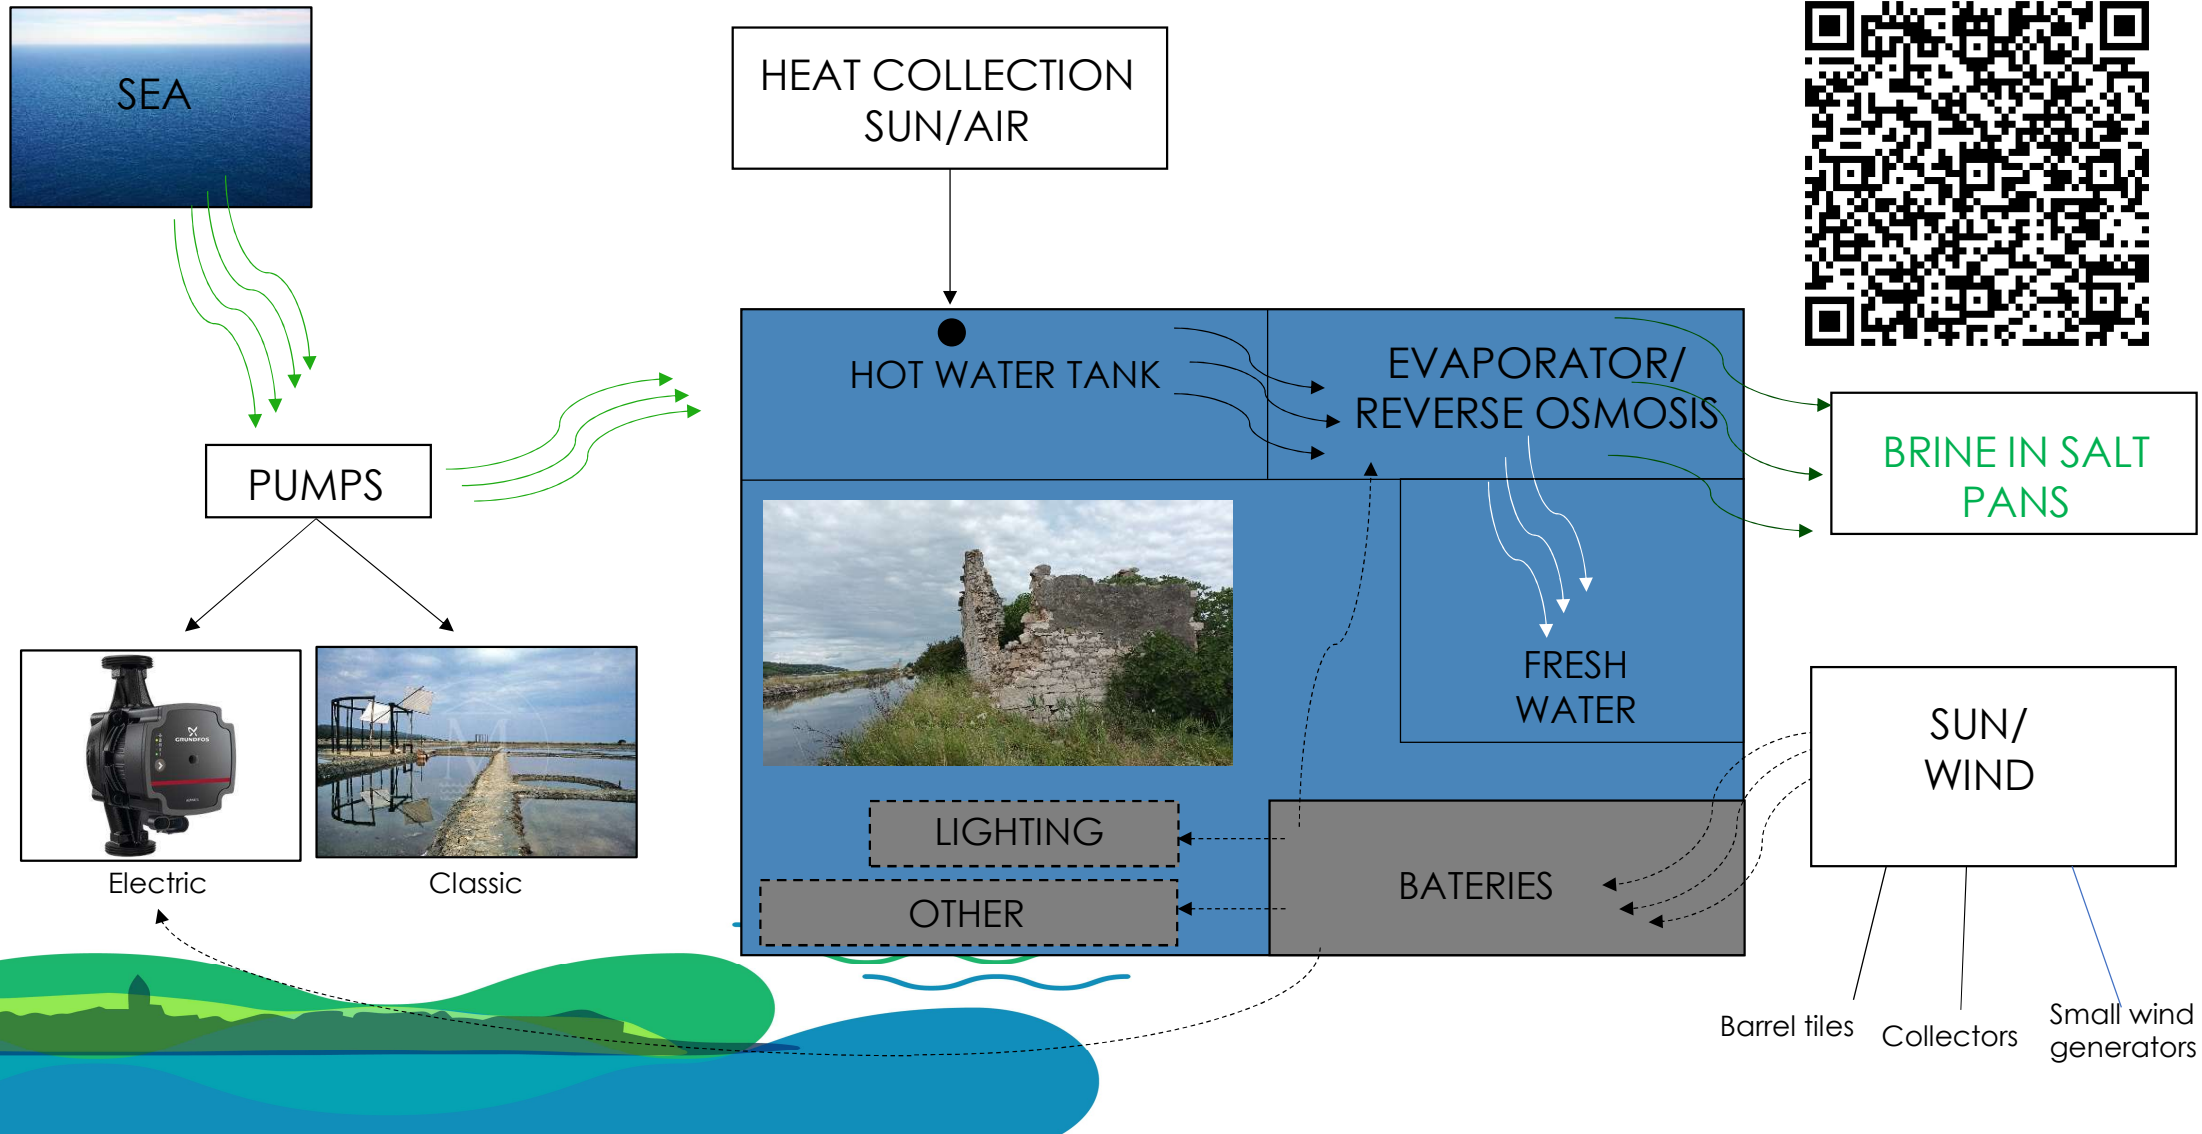

assesses green investments  
through key financial and  
economic indicators

The INFIRE **training materials**  
provide practical guidance on  
project evaluation and innovative  
financing of green investments
