

Practical Info and Logistics

Date: 18-19 November 2026
Location: Ancona, Italy
Venue: Auditorium Studentato Buon Pastore (Via O. di Biagio 14, 60121 Ancona, Italy)

Welcome to Ancona! We are delighted to host you for **Climate Change Adaptation in the Adriatic-Ionian Region – From Policies to Pilots**.

Organised by Marche Region within the Italian Presidency of the EU Strategy for the Adriatic and Ionian Region (EUSAIR) 2026–2027 and in connection with the Interreg Italy-Croatia strategic project REALIST, the event will bring together EUSAIR governance representatives, European and national institutions, regional and local authorities, research organisations, civil protection bodies, projects and territorial stakeholders.

Over two days, participants will connect macro-regional and European policy frameworks with regional and local implementation, exchange evidence and pilot solutions, and co-design transferable priorities for climate resilience across the Adriatic-Ionian Region. The event will contribute to the Ancona Roadmap for climate adaptation.

To help you plan your trip and ensure a smooth stay, we have prepared this practical guide with essential logistical information.

3. USEFUL INFORMATION

Catering & Dietary Requirements

Welcome coffee, coffee breaks and networking lunches are included in the programme. Please communicate any specific dietary requirements or allergies to the organising secretariat in advance.

Weather

In November, weather conditions in Ancona may be cool and variable, particularly in the mornings and evenings. Participants are advised to bring layered clothing and rain protection.

Useful Contacts

For any urgent logistical issues upon your arrival, please contact the organising secretariat: cooperazioneinternazionale@regione.marche , pamela.polimante@regione.marche.it

A Commitment to Green Travel

The organisers are committed to sustainability and to reducing the environmental footprint of the event.

We kindly encourage all attendees to consider the environmental impact of their travel choices.
Whenever possible, **we invite you to opt for greener transportation alternatives**—such as trains, buses, or carpooling—rather than flying short distances or travelling alone by car.

Every small, conscious choice contributes significantly to a more sustainable future for the Adriatic-Ionian region.

Thank you for helping us make this event greener!
